A committee of members from the Holy Name society will meet at the rectory this (Monday) evening to formulate plans for the parish-wide campaign which the team workers will continue for the "drive" which starts this week to boost the membership in the Holy Name society of the parish. The slogan is to be "Every man in the parish a Holy Name man," and the captains and team workers will start out to visit every home in the parish and leave a membership card in each home. "SERMON EDITORIAL" ON  
TREATMENT OF SOCIALISTS  
Inaugurating a series of what he terms "sermon editorials" upon timely topics, Rev. A. F. Purkiss of the Central Baptist church spoke briefly upon the topic, "One way of Making Socialists," before he took up his regular morning sermon. I snide of the protests of some of the Sunday.

He spoke as follows:  
Most intelligent men of the country the New York legislature has expelled from its body for the second time, five duly elected socialists.

## Autumn Sale of Dressmaking Supplies All This Week

Rev. A. F. Purkiss of the Central Baptist church spoke briefly upon the topic, "One way of Making Socialists," before he took up his regular morning sermon. I snide of the protests of some of the Sunday.

He spoke as follows:  
Most intelligent men of the country the New York legislature has expelled from its body for the second time, five duly elected socialists.

Our city, among many others, through its executive officer, has forbidden the socialists the use of the streets for public meetings. My conviction is that such action is wrong. Man has the right to freedom of speech, which ought not to be curtailed except in times of great national danger. This is democracy's precious possession.

But if you grant that our action is right, then the further question arises: Is this the way to deal with socialism? The history of the race will show. I believe that the best way for any sect or cult to grow is to attract persecution to itself. Christianity's marvelous growth in its early history was due in part to the persistent efforts of the Roman empire to stamp it out. Protestantism's tremendous victories have been won in the face of the fiercest opposition. Bolshevism in Russia is due in great measure to the centuries long persecution that free thought has had to endure in Russia.

Sitting on the lid of human thought means exploration, sooner or later. Give men the right to consider themselves free, and they will consider themselves free. The early church had a saying: "The blood of the martyrs is the seed of the church." It is true of how to qualify was given.

## POETRY

THE PRESENT CRISIS  
Once to every man and nation comes the moment to decide, in a hot fit or a dull fit, under the stern, pale, and unyielding, some great cause, God's new Messiah, offering each the bloom or blight, Part the soul upon the left hand, and the sleep upon the right, And the choice goes ever forswear 'twixt that darkness and that light.

And then chosen, O my people, on whose party thou? For the time is not ours, Ere the doom from its worn, sodid, shrouds the dust against our land, Though the cause be evil, yet the truth alone is strong. And, albeit the warriors' wildest now, I see around her throng Troops of beautiful, tall angels to enfold her from all wrong.

New occasions teach new duties, time makes ancient good uncouth; They must upward still, and onward, who would be abreast of truth. To, before us gleam our candles, we ourselves must light them, Launch our Mayday, and stand boldly through the dreary winter sea, Nor attempt the future's portal with the past's black and evil key.

—JAMES RUSSEL LOWELL

## AUTUMN

We have worried through the Summer, Borne the heat as best we could, Patiently endured the dogdays, Working for the harvest, and now, But the prospect now is brighter, Business now should start to hum, For we feel more energetic.

When the Fall Days Come.

There's a hint of frosty mornings, And the grapes are getting ripe, All the joys of autumn are in store, 'Twould be hard to put in type, But the air is full of sparkle, For we're full of pep and vigor When the Fall Days Come.

Women Advised to Qualify  
From the pulpit of St. Patrick's church Sunday, Sept. 27, H. Broderick, re-reminded the women of the parish that whatever individual preferences might have been before the passage of the 19th amendment now that suffrage has been conferred on women it is their duty as well as privilege to vote. Advice as to how to qualify was given.
